PROJECT TITLE

🌼**My formal resume**

Digital Portfolio Department .

Design and Implementation of a Digital Portfolio.

Web Based Digital Portfolio System.

Personal Digital Portfolio Website .

Interactive Digital Portfolio.

AGENDA

PROBLEM STATEMENT

Traditional resume and paper-based portfolios

have limitations in showcasing creativity, interactivity,

And dynamic update Employers and academic evaluators

Prefer accessible, and interactive formats. A digital

Portfolio solves this issue by providing an online platform to present skills, project, and achievements effectively.

PROJECT OVERVIEW

The project focuses on developing a Digital Portfolio

Website to showcase personal details, academic background, technical skills, and project work. The Portfolio emphasizes user-friendly design, responsive layout, and interactive elements, enabling viewers to

Navigate easily and understand the profile.

WHO ARE THE END USERS ?

Student & Professionals-To showcase their skills and achievements.

Recruiters & Employers-To evaluate candidate's capabilities beyond a traditional resume.

Academic Institutions-For Student project submission and evaluations.

TOOLS AND TECHNIQUES

Frontend : HTML, CSS, Javascript,Bootstrap/Tailwind

Bootstrap/Tailwind
